(ASSOCIATED PRESS TELEGRAM)

Columbus, Feb. 4.—The two year administration of Emory W. Lattanner, of Cleveland, as state superintendent of banks, was characterized by extravagance and inefficiency and the department today is bankrupt, according to a statement made today to the legislative committee investigating the banking department by John A. Bliss, an examiner in the state bureau of public accounting, while on the witness stand. Bliss examined the records of the department when Lattanner resigned the first of the year and is now engaged in a thorough audit of the accounts of the bank examiners and liquidating agents employed by Superintendent Lattanner during his administration.

Mr. Bliss testified that in July, 1913, Lattanner and the examiners attended a four day convention of bankers at Cleveland. He declared most of the examiners went to Cedar Point for the week and many failed to report at the office until Tuesday or Wednesday of the following week.

All who attended the meeting had their salaries and expenses paid during the entire week and 22 days were lost to the state by examiners who failed to report for work the following Monday, Mr. Bliss said. Salaries and expenses paid by the state for the week amounted to a total of \$1,032.79.

That the banking department investigation committee believes it has a long task ahead was indicated by its decision today to meet at 7:30 next Tuesday morning to resume hearings.

Mr. Bliss told the legislative committee that the records of expenditures in the banking department for the month ending last November 15, the end of the fiscal year, is missing from Mr. Lattanner's report. This omission would lead persons reading Lattanner's annual report to believe that the expenses of the department were less than they were, Mr. Bliss declared. The report is worthless for purposes of comparing with those of other years, he said.

Another irregularity in the department's affairs is a lack of records showing payment of any fees by real estate dealers under the blue sky law, according to the testimony. The committee indicated by questions asked the examiner that it will try to find what happened to these fees.

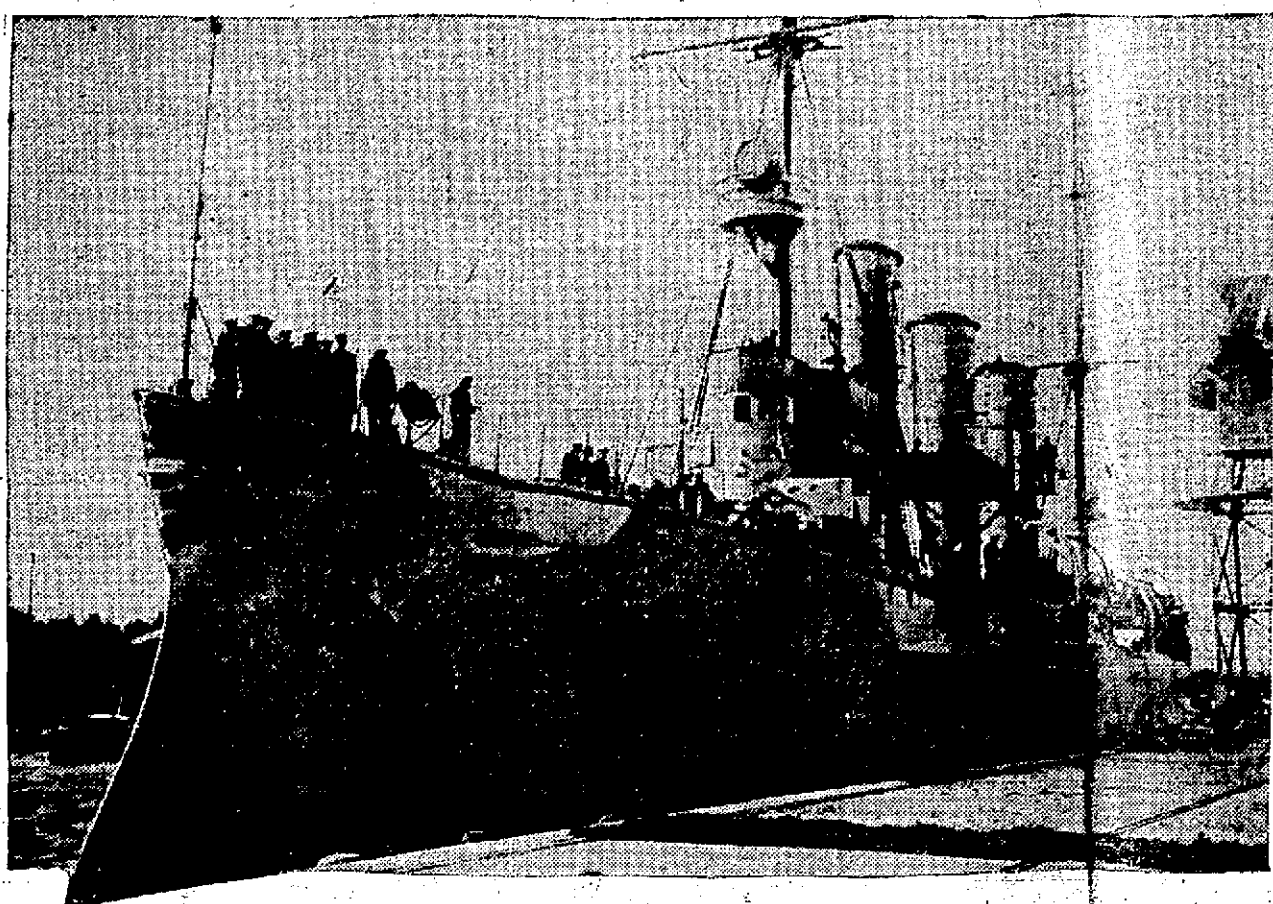

Because all money appropriated by the last legislature for the banking department has been exhausted, Mr. Bliss said, the banking department either must suspend operation or an appropriation must be made by the legislature immediately to pay bills accumulated to the amount of several thousand dollars.

Mr. Bliss told how the salaries of bank examiners was increased several times when they were transferred to the work of liquidating defaulted banks, out of whose funds the large salaries were paid.

He cited the example furnished by J. A. Holmes, who received \$125 a month as bank examiner, but he

German Raider Koenigsberg Sunk When Airship Found Her In Hiding

The dramatic story of the sinking of the German raider Koenigsberg, on the coast of east Africa, has just been told by Captain Willett of the British merchant ship Newbridge. The Koenigsberg succeeded in getting behind the Mafia Islands and some distance up the river, where she was completely screened by the bend of the river, and where the British heavier draft ships could not follow her. The British, however, contented themselves with bottling up the Koenigsberg by sinking Captain Willett's ship in the channel. They then waited for the arrival of a seaplane, which flew up the river and indicated the position of the German cruiser by dropping smoke bombs. The Germans had hid their ship close to the bank under cover of some palm groves and had covered her with foliage. The aviator, however, was able to make her out and to direct the fire of the British ships so accurately by signals that the cruiser was completely destroyed.

Vice President May Cast Deciding Vote On Ship Purchase Bill In the Senate; 2 Democrats Hurrying to Washington

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 4.—Vice President Marshall probably will cast the vote which decides whether the administration ship bill lives or dies at this session of congress. If the expectations of the leaders are fulfilled, it will be one of the few in which the vice president of the United States has swung the balance. The last was when the late Vice President Sherman cast the deciding vote for the Bristow resolution, which put a constitutional amendment for direct election of senators before the people.

Administration Democrats reformed their lines today and found they had only 46 votes against the 48 Republicans waiting to send the bill back to the commerce committee without instructions. Their only course was to stave off a vote while

Senator Newlands hurries back from California and Senator Smith of South Carolina can come from the bedside of his wife. With their votes, the Democrats figure, that barring surprises, the contest will be even on the floor and the vice president will be called on for the deciding vote. The administration leaders count him with them.

With this program before them today's proceedings were carried on as part of the plan to hold off a vote until the arrival of the two absent senators.

In the course of the debate, Senator Hoke Smith said: "It is understood that if the bill as now before the senate goes to a vote, it will be beaten. It is also understood that if it is amended, a majority of the senate will vote for it."

Reinforcements for both sides in the senate fight over the administration ship bill arrived today but ap-

parently did not change the situation.

Senator Lewis, Democrat, hurried back from Asheville, N. C., but his vote was offset by the arrival of Senator Fall, Republican, of New Mexico. Senator Smith, of South Carolina, Democrat, notified administration leaders he could not come because of the critical illness of his wife.

When the senate met at noon, both sides were maneuvering for an advantage.

Democratic leaders, fearing defeat as the lines lay, determined to prevent a vote today which necessitates Democrat speeches as long as the Republicans hold the senate in session. Senators today said it was conceded that the Democratic absentees could not be paired and the opponents of the bill could defeat the motion to recommit with instructions by a majority of one or two.

Steamer Crushed In Ice Jam In Lake Michigan; Crew Struggled to Shore

(ASSOCIATED PRESS TELEGRAM)

Chicago, Feb. 4.—The steamer Iowa, of the Goodrich Transit company, sank in Lake Michigan about three miles off the river mouth today, after being crushed by what lake men declare was the heaviest ice jam seen in years off the Chicago harbor.

The crew, numbering seventy, and the one passenger, clambered over the ice pecks as the vessels settled and struggling over the hummocks to

shore. Some reached the government breakwater and were rescued by tugs and others landed at different points. Those who reached safety first declared that no one had been lost.

The Iowa, beaten back from the Chicago harbor Tuesday night, made a fresh start from Milwaukee last night and with the Racine and other vessels, was caught in the ice floes off the harbor this morning. The vessel, valued at \$150,000, carried a miscellaneous cargo from \$50,000 to \$75,000 in value.

Sporting Interests Work for Bill to Make Boxing Legal

(ASSOCIATED PRESS TELEGRAM)

Columbus, Feb. 4.—Geo. Schneider, secretary of the Cleveland Athletic club, and other representatives of sporting interests over the state, were working hard today to win support for the boxing commission bill,

which was introduced yesterday by Representative Nieding of Lorain. The bill provides that a state commission appointed by the governor shall supervise scientific boxing contests. These may be approved only when held under the auspices of athletic clubs. Proponents of the bill say it will eliminate professional boxing promoters. Boxing on Sunday, by persons unequally matched, or with more than ten three-minute rounds, is prohibited by the bill.

Germany Warns America To Keep Vessels Away From the French Coast

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 4.—Germany today notified the state department that American vessels should avoid the north and west coast of France. The state department does not regard the notice as a formal declaration of blockade by Germany of the French coast. It is said that the mere presence of German submarines and the planting of German mines could not constitute a blockade which, according to long established principles of the state department, requires the maintenance of a fleet of warships sufficient to prevent any intercourse with the blockade port. Thus the department regards the

notice as similar to one issued by the British government and to a preceding notice from the German government regarding the waters of the North sea, both of which would be unsafe for passage of neutral shipping except under pilotage.

Technically, the waters of the North and West coasts of France therefore are to be regarded as within the war zone and American mariners are supposed to take notice of the warnings and enter those waters at their peril. The notification was presented by the Berlin foreign office to Ambassador Gerard, who transmitted it today to the state department.

Augusta, Ga., Feb. 4.—Dr. A. N. Culberson, a practicing physician of Evans, Ga., was shot dead today by a posse of citizens which had been searching for him since last night, according to reports received here. Culberson was charged with assaulting a young married woman, the daughter of a prominent citizen of Martinez.

Dr. Culberson was killed at a farmhouse near Evans, in Columbia county, 12 miles from Augusta. The assault with which he was charged was committed early yesterday. Sheriff Plunkett of Richmond county, with three deputies, started for Martinez at midnight to arrest the physician, who was reported to be hiding there. After several hours futile search, Plunkett and his deputies returned to Augusta.

A posse of citizens however, continued the hunt and found Culberson early today in the farmhouse. The physician was ordered to come out. Then it was reported, Culberson drew a revolver and tried to escape, but the posse fired and he fell with his body riddled with bullets.

Culberson went to Evans about two years ago. He came to Georgia from Culberson, N. C. He was married but it was said he and his wife had not been living together for some time.

Freight Train Was Swept Into River By a Landslide

(ASSOCIATED PRESS TELEGRAM)

Charleston, W. Va., Feb. 4.—A freight train and a half mile of the tracks of the Kanawha and Michigan railroad were swept today by a landslide. None of the crew was injured. Three days will be required to open the line. The traffic between Fairmont and Grafton on the Baltimore and Ohio railroad has been closed since late Tuesday by a landslide and trains are being sent by way of Clarksburg. Four or five acres of surface slipped down on the tracks.

DESERTERS ASSERT THEY WERE FORCED INTO TURKISH ARMY.

(ASSOCIATED PRESS TELEGRAM)

Cairo, via London, Feb. 4.—Deserters from the Turkish forces who have surrendered to the British troops include numerous representatives of tribes in southern Palestine, who declare they were forced against their will to enter the army. Reports of yesterday's fighting indicate that the Turks were prodigal with their ammunition and that their firing was ineffective. The canal and railway were open to traffic all day.

Japanese Cruiser Lost; Fate of Crew Unknown; Few Details Are Given

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 4.—Rear Admiral Howard, commander of the Pacific fleet, reported to the navy department from his flagship San Diego, that the Japanese cruiser Asama, with 500 men, was wrecked about 350 miles south of Port Bartolome and was breaking up. No further details were given in Admiral Howard's dispatch, and nothing was said of the fate of the crew. The Asama, a sister ship of the Tekiwa, is 412 feet over all with a beam of 61 feet and capable of making 21 1/2 knots. She had 18,000 horse power and was armed with Harvey nickel steel. She was built in Elswick, England in 1898. She carries four eight-inch guns, 14 six-inch guns and 12 three-inch guns, four torpedo tubes below the water and one above. Her complement is 500 officers and men.

RESTAURANTS IN GERMANY ARE TO CHARGE FOR BREAD.

(ASSOCIATED PRESS TELEGRAM)

Berlin, Feb. 4.—The allied associations of the restaurant and hotel keepers of Berlin have decided henceforth to charge for all bread served at meals. A despatch received here from Dresden says the municipal council has decreed that all the bread baked in Dresden conform to the government's standard.

REFERENDUM IS THREATENED ON WORKMEN'S LAW

(ASSOCIATED PRESS TELEGRAM)

Columbus, Feb. 4.—Ohio citizens may be called on to vote next November on the workmen's compensation law initiated by the Ohio Equity Association and virtually killed by the house yesterday, if threats of insurance interests representatives to compel a referendum on the measure materialize. They declared today they expected to circulate petitions, secure signatures of three percent of the voters in the state and call the bill to a referendum vote.

The measure would change the present law by removing the compulsory feature and allowing liability insurance companies to operate in the state. The law now in operation does not permit an employer to insure himself against paying accident compensation with an insurance company.

The hearing before the house labor committee yesterday, developed a surprise when it was shown that the Ohio Manufacturers Association is opposed to radical change of the compensation law now. The committee voted unanimously to recommend indefinite postponement of the bill and the house voted 74 to 25 to accept this report.

Representative Whittemore, of Summit, Republican floor leader, tried to get a week more in which the house could consider the measure before taking the final vote, but all the Democrats and a large percentage of the Republicans voted against his proposal. He explained that he thought any bill initiated by the people ought not to be disposed of summarily.

London, Feb. 4.—Emperor William's troops still are maintaining an offensive move on the battlefield to the west of Warsaw, in Russian Poland, but on the remainder of the eastern battle line, the Russians claim to be exerting the greatest pressure, notably across the East Prussian frontier and in the Carpathian mountains. In the latter region, the Russians claim that the fighting has gone against the Austro-German forces and the Russians again are reported to have crossed into Hungary.

On the western front—in Belgium France and Alsace, artillery engagements continue over most of the battle line with isolated and sporadic German rushes on the French position.

Turkish activities along the Suez canal can hardly be classed yet even as second rate skirmishes, though the attack near Ismailia, midway between the Red and the Mediterranean seas show that the Turks are pushing further away from the coast of the Mediterranean.

The newspapers of both Germany and England are filled with discussion and speculation regarding the outcome of the proposed widespread German submarine activity against merchant shipping, and this phase of warfare is the absorbing topic throughout Great Britain.

For some reason not explained here, there is a marked change of tone relative to war predictions as to when Rumania will join the allies. A few weeks ago it was said confidently in Great Britain that Rumania would enter the conflict perhaps by the middle of February. Dispatches to the British newspapers from Bucharest, the Rumanian capital, now say that the government of Rumania has no intentions of breaking its neutrality at an early date. The same prediction is made in dispatches received through independent sources. There likewise has been little talk in London of Italy's entry into the conflict.

DYNAMITER SENTENCED TO 30 DAYS

(ASSOCIATED PRESS TELEGRAM)

Vancouver, B. C., Feb. 4.—Werner Horn was today sentenced to 30 days in the county jail today on conviction of having damaged property in this town by the explosion of dynamite under the international railroad bridge.

ENGLAND'S REQUEST FOR EXTRADITION OF HORN, IS RECEIVED.

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 4.—Great Britain's request for the extradition of Werner Van Horn, the German charged with dynamiting the Canadian Pacific bridge over the St. Croix river, rested in the state department today where officials began a study of the papers. While officials consistently declined to discuss it, it will be some time and only after the most careful investigation, before the case is put on its course.

FARMERS APPOINTED ON COMMISSION TO PANAMA EXPOSITION.

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., Feb. 4.—Governor Willis today appointed Charles L. Allen, of Washington Court House; L. P. Bailey, of Tacoma, Belmont county, and J. B. Battelle, of Columbus, members of the Ohio commission for the Panama exposition. By the three appointments, the governor adds two new members and replaces another, John L. Shuff, of Cincinnati. Shuff, according to the governor, has never attended a meeting of the commission. It is understood that both Allen and Bailey, who are farmers, were appointed to carry out the wishes of Governor Willis that more interest be shown in the agricultural exhibits that Ohio is to send to the exposition.

GOVERNOR WILLIS MAKES APPEAL FOR SUFFERING MINERS.

(Associated Press Telegram.)

Columbus, Feb. 4.—Governor Willis today issued an appeal to citizens of the state to come to the aid of the destitute miners in the Hocking Valley coal fields. In his statement, the governor urged the collection and contribution of clothing and foodstuffs to be sent to the miners' relief committee at Gloucester.

The chief executive asserts that a large number of the miners, who have been out of work, are now suffering and it is the duty of citizens to assist with food and clothing.

A VALUABLE SUGGESTION

IMPORTANT TO EVERYONE

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention The Newark Daily Advocate.

Granville News.

(Special to The Advocate)
Granville, Feb. 4.—Examinations have been the order of the week, and today Denison closes for the semester vacation. Many of the students will go home, those whose homes are too far distant will remain in the dormitories or visit nearby friends.

The first of the moving pictures for the benefit of the public library will be shown this evening in the Opera House at 7:30. Tonight's offering will be "The Fall of the Alamo."

Mrs. W. H. Stallings, chairman of the Baptist Women's Missionary Organization will hold its regular monthly meeting tomorrow (Friday) afternoon in the church parlors at 2:30. Subject, "Home Mission." A Symposium—Mrs. H. A. Nixon.

Mr. William Gladden Lewis of Toledo, who was a student at Denison, a few years ago, is a guest at Sigma Chi chapter house, and has been calling on Granville friends.

Mr. Elbert Babb of Xenia, O., a Denison senior of last year, has been the guest of his Phi Gam brothers.

Misses Mayne and Martha Geach rented their charming home on Center street for the coming year to Mr. Walter Thompson, and probably will spend a part of the time at least in travel.

The condition of Mr. Charles Watkins, who suffered a stroke of paralysis on Monday afternoon, is greatly improved and his friends are encouraged to hope that he soon will be around again.

The community prayer meetings among Baptist church members were well attended last week, the total attendance at the fifteen meetings being about 220.

There will be a congregational meeting in the Presbyterian church this evening for the purpose of calling a pastor.

David Spicher, the young son of Rev. and Mrs. Jacob Spicher, sustained a severe accident while coasting last evening. Four stitches were taken in the cut in his scalp—and he will soon be all right again.

The Ten-year-old-the-sky-road Camp Fire girls, numbering about twenty met with Miss Edith Rose last evening and elected officers for the ensuing year.

CONVERTED HOBO
GIVES ADDRESS AT
FIFTH ST. BAPTIST

Yesterday was a wonderful day in spiritual power at the Fifth Street Baptist Church. Rev. W. W. Kitchum and Dr. Goodell of the faculty of the Moody Bible Institute were present and delivered four great messages of power.

Mr. Scholmer, who ten years ago was arrested in Newark as a tramp, and ordered out of the city the next morning, and who was converted five years ago, was present and gave two stirring messages in the afternoon and evening, showing what the love of God could do for a man and for a nation. Three years after his conversion he was receiving a salary of \$1,500 in connection with a certain manufacturing concern. He gave up that position to study at the Moody Bible Institute where he is fitting himself for a new line of work.

A large number of those who come last evening to the Baptist church were unable to secure even standing room, and had to return to their homes.

DOCTORS

ORGANIZED TO OPPOSE BILL TO
LICENSE CHIROPRACTORS
IN OHIO

They Do Not Consider Christian Science Practice as Dangerous as New Treatment.

(Associated Press Telegram)
Columbus, Feb. 4.—An active lobby of chiropractors was here today to fight for the bill to create a state board to license chiropractic practitioners, introduced yesterday by Representative Platt of Ashtabula.

Their first efforts will be made late today to prevent referring the bill to the public health committee of the house, which is composed largely of physicians or druggists, and which is said to be strongly hostile to the measure. They will try to have the bill sent to the judiciary committee.

Organized medical interests were prepared to oppose the bill vigorously. They indicated they are not as much opposed to the Terrell bill, permitting Christian Science practitioners to accept fees legally, but will discourage its passage on the ground that it would give the chiropractors ground to claim favorable consideration for their proposition.

The same organized medical forces were ready to oppose Representative Neidling's bill to combine the state board of health and the state medical board, presented to the house yesterday.

Labor interests sought the passage of the bill to exempt property of labor organizations from taxation, introduced yesterday by Senator Kennedy of Cuyahoga.

Chiropractors treat diseases by manipulation of the spinal column.

Powerful loan agent interests were represented today in a hearing before the senate judiciary committee on the Lloyd bill to regulate the small chattel and salary loan business. Their representatives declared the bill was unjust and confiscatory. It provides that loan companies may charge not more than three per cent interest per month. Under the present law, they may charge 5 per cent a year and ten percent a month for "investigation."

Loan companies also are to be placed under the supervision of a bureau of the state banking department, which will have authority to give or withhold licenses, and to make regular inspection of the companies' affairs. Cleveland interests opposed to "loan sharks," led by Police Inspector Poulson, had expected to prepare a bill providing for establishment of combination loan and savings associations. They indicated today, however, they will support the Lloyd bill.

The Ohio public health federation, which includes the Ohio Society for the Prevention of Tuberculosis, the state medical, the state dental and other similar societies, has taken action urging the legislature to pass the bill now pending, which provides for the transfer of the state bureau of vital statistics from the secretary of state to the board of health. The measure is House Bill No. 61, introduced by Representative Deaton of Miami county.

That the present plan is obsolete, is indicated by the fact that all but three states now collect such statistics through their state boards of health, according to those who favor the Deaton bill.

The additional point is being presented to legislators that the health board on Jan. 1, 1914, had an annual saving of about \$15,000.

Chairman Richard, of the house finance committee, which has been working since continuously for several weeks on a budget appropriation bill, said today the measure will not be completed next week. He expected to introduce it next Tuesday. The recommendations of former budget Commissioner W. O. Heffernan are being followed closely. Mr. Richard declared, although a number of small reductions and some small increases have been made in his recommendations.

FOUR KILLED IN
SUDDEN MUTINY
YAQUI INDIANS

(Associated Press Telegram)
San Diego, Cal., Feb. 4.—Four persons were killed and 20 were wounded including two officers, when 1,000 Yaqui Indians mutinied at Guaymas yesterday, according to wireless advices received today by Rear Admiral Howard on board the flagship San Diego, now in the harbor.

The mutiny occurred while the Indians were being sent to support a retreating column of Villa soldiers which had evacuated Navajon, Sonora. No foreigners were injured. The Indians were bound for Ybaros, aboard the steamer Bonita and the schooner Leonora. The latter vessel was compelled to return to Guaymas on account of bad weather.

Belgians Need Help.

The Commission for Relief in Belgium officially designated as the sole agency through which food and supplies may be taken into Belgium, is undertaking the task of feeding from six to seven million people over a period of several months. Of these six million people, one and one-half millions are destitute and are being fed from public canteens.

The response of America to the appeal of stricken Belgium has been gratifying, but there is still an urgent need for further and continued contributions.

The Commission has a commissary undertaking which requires the despatching of a shipload of food every other day. It is transporting, free of cost, the food-stuffs collected for relief by various organizations and individuals throughout America. Railroads, express companies and postoffices are aiding but the supplies are far too short. The people of Newark and Licking county have helped to some extent; but many have not as yet contributed and some who have helped may be willing to do more.

In December the Advocate made three remittances to New York of funds sent to this office for Belgian relief. Any additional contributions that may be received will be handed to Attorney A. S. Mitchell who is chairman of the local committee. Captain A. H. Helsey is a member of the state commission and is interested in seeing that Ohio does her share. Money, new clothing and food are needed. Money contributed will be expended for food and clothing in Ohio and the supplies thus purchased will be forwarded. Chairman Mitchell will soon have an announcement for publication.

Reducing the Cost.

There are two main elements of the cost in the goods you buy at the retail store: (1) the price paid the dealer who sold them to the retailer; (2) the local cost of sales force, and overhead charges, including rent, taxes, bookkeeping, etc.

The first of these charges can be

reduced only as exceptional skill in buying is shown by the retail dealer.

But the second of these elements of expense for sales cost and overhead charges can be greatly lessened by advertising, which interests a great many people, draws more customers to the store, and increases sales.

If the sales are doubled, the expense of clerks, rent, taxes, bookkeeping may be increased little if any. Consequently the merchant can afford to sell his goods for much less, since he has cut these charges in two. That is why it is cheaper to buy from merchants who advertise.

Perhaps more people would buy their next Christmas presents now and save 50 per cent, if it were not that they might die before December and lose the money.

The Mexican notion of reform seems to be to go out and execute somebody: the more executions, the greater the progress.

The mid-year exams. show that the college students have been working for a week or two anyway.

Religion Astir.

One of the subjects that the great war has brought under lively discussion is religion says the Youth's Companion, which adds:

First there was a cry that Christianity, the accepted religion of all except one of the European peoples engaged, should have prevented them from getting into such a wholesale quarrel, and that since it did not, it has failed. But since Christianity has been at work for nineteen centuries, in all of which war has been constantly recurring, it seems either too soon or too late to condemn it because it has not abolished war.

Now the idea is common that out of the immense upheaval that Christianity is undergoing there may come far-reaching changes in the apparatus of Christianity. If such changes do come, they will come up from the bottom, as a result of great quickening of the spirit, after the sorrow, distress, and bereavement that will so abound in Europe and that will send millions of people in search of consolation wherever they may find it.

There is already a marked revival of interest in the soul. Along with the great growth of efficiency in machines for destroying the bodies of men, there comes this awakening of concern about the immortal, bullet-proof part of us. Two writers as far apart as Munsterberg the Prussian, and Maeterlinck, the Belgian, have lately written of it both with confidence that there is a soul, and that it is worth considering.

After all, that is at the foundation of religion. A form of religion that is merely ethical, that merely qualifies men to meet the ordinary difficulties of this world, is not enough. That is no more than philosophy. But when men realize that they have souls, and that there is a life after death for which the must make ready, then comes real religion, and it is coming very fast to this world just now.

DEMOCRATIC CLUB

A regular meeting of the Licking County Democratic club will be held Friday evening, February 5th at the club rooms in South Third street. All members are invited to be present.

Flannigan Club Members.

(Dayton News.)
James W. Faulkner, Columbus correspondent of the Cincinnati Enquirer, trained political writer, and observer of things in general about the State House for a quarter of a century, probably knows more public men than any other man in the state. Also he knows the value of men—their manners and motives, their efficiency and inefficiency. Further, he is not a partisan, believing in giving the devil his due if he has any coming to him, or lambasting the high and mighty if they have that coming to them. So it is intensely interesting at this time, only a few weeks after we heard so much about another governor building up a political machine, to read Mr. Faulkner's comment upon recent appointments at Columbus. Hear him:

"There is no pretense that the newly-created officeholders are efficiency experts, surveyors, or administrative engineers. They are plain, everyday politicians, some with upward of twenty-six years' experience, who know the game from the top card dealt off the deck to the last one in the dealer's hand. All are veteran members of the Immortal Flannigan Club and respect the famous and historical motto of the founder, Mr. Chairman, what are we here for if it isn't the offices?"

As to Fresh Eggs.

(Pittsburg Dispatch.)
When is an egg not an egg? is a conundrum that was asked ages ago, and was supposed to have been answered satisfactorily; but the doubt as to the proper answer seems to grow in view of the discovery of a New Jersey woman who made a purchase of "strictly fresh eggs" at a grocery and found stamped on one of them the date May 8, 1892.

The housewife said thought this might have been a practical joke until she broke the precious product of some previous hen and then decided that the date might even be too modern. Other unstamped eggs of the same purchase also gave deadly testimony that there was something rotten in the state of New Jersey as truly as there once was in the state of Denmark, according to the most expert testimony.

Of course, this could only happen in New Jersey. Pennsylvania housewives are surely immune from the possibility of being deceived by any such "strictly fresh eggs." Our hens would not be guilty of laying dated eggs with ancient history, though it may be thought at times that some of them possessed the magic of changing dates from day to day until the day of sale, to bring them up to the moment and have them strictly fresh at least on the outside of the shell.

Ignoring Brother William.

(New York World.)
Brother Charles P. Taft, editor of the excellent Cincinnati Times-Star, takes President Wilson severely to task for vetoing the Immigration Bill. In his opinion, plain Americans everywhere are justified in their determination to exclude illiterates, and nothing but the disposition of the President to yield to "well-organized groups of foreigners," to be found chiefly on "the east side of Manhattan," can explain his refusal to approve the measure.

Once upon a time, Brother William H. Taft was President, and when an Immigration Bill of the same kind was presented to him in February, 1913, he vetoed it for substantially the same reasons as those given by his successor. The Senate, then Republican, passed it over the veto by a vote of four to one, but in the House the supporters of the bill lacked five of a two-thirds vote, and so Mr. Taft was sustained.

Although this was a narrow squeak indeed, it represented one of Brother William's most notable Congressional triumphs. Why should not Brother Charlie be proud of it and celebrate it?

Spirit of the Press

The Japanese.
President Wilson's assurance to Japan that the feeling in the United States toward the Japanese is one of friendship, voices the real sentiment

of the country, hampered by the fact that the Japanese are so far away that we neither care for them nor hate in any violent degree. That is what makes it so easy to keep up the anti-Japanese agitation.—Pittsburg Dispatch.

Four Thousand Miles.

A thousand miles up the mighty St. Lawrence, a thousand miles along the Great Lakes, a thousand miles across the open prairie, a thousand miles over a sea of mountains—four thousand miles where Nation meets Nation and sovereignty meets sovereignty, but never a fortress, never a battleship, never a gun, never a cannon on guard! Four thousand miles of civilized and Christianized internationalism—that is North America's greatest achievement.—J. A. McDonald in Review of Reviews.

Immigration Bill.

It is to be hoped that there is sound foundation for the Washington dispatches which say that it will not be possible to pass the immigration bill over the President's veto. If this proves to be the case the bill, which has many admirable features, ought to be shorn of the objectionable literacy test and put on its passage again. Everybody admits the desirability of proper regulation of immigration, and only what seemed very unjust discrimination against certain classes of newcomers has aroused the opposition of the President and many others.—Philadelphia Record.

Ship Subsidies.

There may be something in the report from Washington that the fight in the Senate for ship subsidies is intended to fire the Republican heart. The last time that the Republican party was thoroughly harmonious, Mark Hanna was in charge of it, and his private opinion was that \$100,000,000 a year for ship subsidies would be about right.—New York World.

What Industry Is This?

When an industry actually makes for the prosperity of a nation, it may well be looked upon with pride. When a nation turns to and helps make the prosperity of an industry, that industry, forsooth, may well consider how it can best put itself at the service of the greatest number in that nation.—The Christian Herald.

Billy and New York.

When William Sunday asserts that on certain conditions he will go to New York and chase the devil down Broadway he starts a current of silent thought that New York must do something for the protection of its leading citizens against the wanton and unprovoked attack.—Pittsburg Dispatch.

End Seat Hog's Differet.

It can be said for the groundhog that he troubles us but once a year, and that he does not bother us very much then.—Pittsburg Dispatch.

Don't Rock the Boat.

A wealthy jeweler in New York who died recently left a cool fifty thousand to his niece because when she went fishing with him she always sat still in the boat. Will the clumps who persist in rocking the boat never learn?—Youngstown Vindicator.

Friendship for Japan.

President Wilson's assurance to Japan that the feeling of Americans toward her is one of genuine friendship voices the real sentiments of the American people by such a vast majority as to make the Japanese phobes insignificant in comparison in all except noise.—New York World.

Pointed Observations

Manhood is not measured by the size of the chest, but by the quality of the heart.—Youth's Companion.

Only Argentina can check the soaring wheat prices.—Philadelphia Record.

It would be enlightening to know what Carranza cares for the secretary of state's threats.—Allwaukee Sentinel.

And now for a round-the-world telephone guaranteed to transmit any language.—Pittsburg Gazette Times.

It appears that Eugene Zimmerman short-changed Pierpont Morgan for \$12,000,000. There will be no interesting settlement no doubt, when they meet at the banks of the Styx.—Rochester Herald.

It would be a relief if fortune tellers who predicted the war could see their way clear to foretelling its conclusion.—Washington Star.

John Cadwalader, a Philadelphia Democrat, resents President Wilson's action in sending the Kaiser the congratulations of the American people on his birthday. Can't he find some

"BLAWST TH' BLOOMIN' SHARKS!"

consolation in the fact that the President did not wish the Emperor many happy returns?—Washington Herald.

Colonel Goethals says that Roosevelt, when President, said: "I don't care a hang for the law—I want the Canal built." Is Goethals prepared to spend the rest of his life in the Ananias Club?—Florida Times-Union.

Mr. Taft is now for one term of seven years. But if somebody had wished it on him, he could neither have passed Mexico to his successor nor escaped the big war responsibilities.—New York World.

The more one hears about the next Republican National Convention the more it appears that the show will be worth, the price of admission.—Indianapolis News.

The exigencies of war have made it necessary for Marconi to delay his experiments in transatlantic wireless telephony. Perhaps Peter Cooper Hewitt, the American inventor, will "beat him to it." Here is a lively bit of international rivalry which looks good against the lurid background of the other sort.—Springfield Republican.

The assertion that the Republican party looks to the old uns for guidance will be accepted by Uncle Joe as a neat but somewhat belated compliment.—Washington Post.

A Little Fun

Our Willie.

"If they persist in teaching the boys in the schools military tactics I don't believe our Willie would go in for it." "Do you mean he's too chicken-hearted?" "No; he's too pigeon-toed." —Cleveland Plain Dealer.

Warm Down There.

Mrs. Wayupp—"Will you have a long itinerary in Florida?" Mrs. Blase—"Yes, but I guess you don't have to wear much under it."—Puck.

Doctor Vowel.

Doctor Barton, warden of Merton College, Oxford, was the oddity of his time.

As he was a man of remarkable sympathy, people told him everything that happened. A gentleman, coming one day into his room, told him that Doctor Vowel was dead. "What!" said he. "Vowel dead? Thank heaven, it is 'e, and neither 'u nor 'i'!"—Tid Bits.

Not of Great Importance

The Country.
I am longing for the country where they still eat mush and milk, and where the socks have not yet changed from wool to lustrous silk. Where the good wife still wears calico and 'bout styles never frets. Where girls still smell of wood smoke, not of talc and cigarette. —Cincinnati Enquirer.

I'm longing for the country, where I where the winters are a terror and the summers are a treat; Where the women and the children do not fear the outdoor air. And a fellow's private business is no neighborhood affair. —Nebraska Journal.

I am longing for the country, I am longing just to be; Where I can let the whiskers grow upon the face o' me; Where I can let my hair grow in a wild and woolly way. And where father does the farm in and there ain't no board to pay. —Houston Post.

I am longing for the country where no sooner I'm abed Than I'm wakened by the racket of the cattle to be fed. Where we sell the cream and drink the milk and discuss in language warm Whether automobile or bathtub most benefits the farm.

One of our subscribers writes us that she is glad the elections are over so that the Advocate looks less like a photograph album and more like a newspaper.

Nearly every worthless, inefficient man has his pockets full of letters of recommendation.

Sam Wolloughby and wife are bathing 333. They have eaten an average of one meal a day with her folks ever since they married three months ago.

There is nothing more fallacious than the theory that one man is as good as another.

A drunken man is not particular. If he fails in his effort to organize a male quartet, he will sing a solo.

Has Its Place.
The onion as my lady's guest Is scorned, although it does its best. And yet to flavor soup, yet bet. It beats the rose or mignonette.

If you want to know what a man's weakness is, let him do the talking, and he will mention it.

A man hears about a thing for the first time after the explosion has occurred. A woman knows about it long before the match is applied to the fuse.

The most humiliating experience

that can befall a man, is that of being filled in love. The possibility that a woman would not care to marry him never occurs to a man.

After a man has held a political job for three or four years, he thinks he is the government.

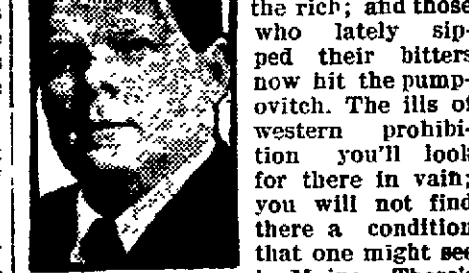

Every community has a humorist, who regards red hair as one of the concomitants of his art.

Every man is in favor of reform so long as reform doesn't interfere with his business.

Uncle Walt

PROHIBITION.

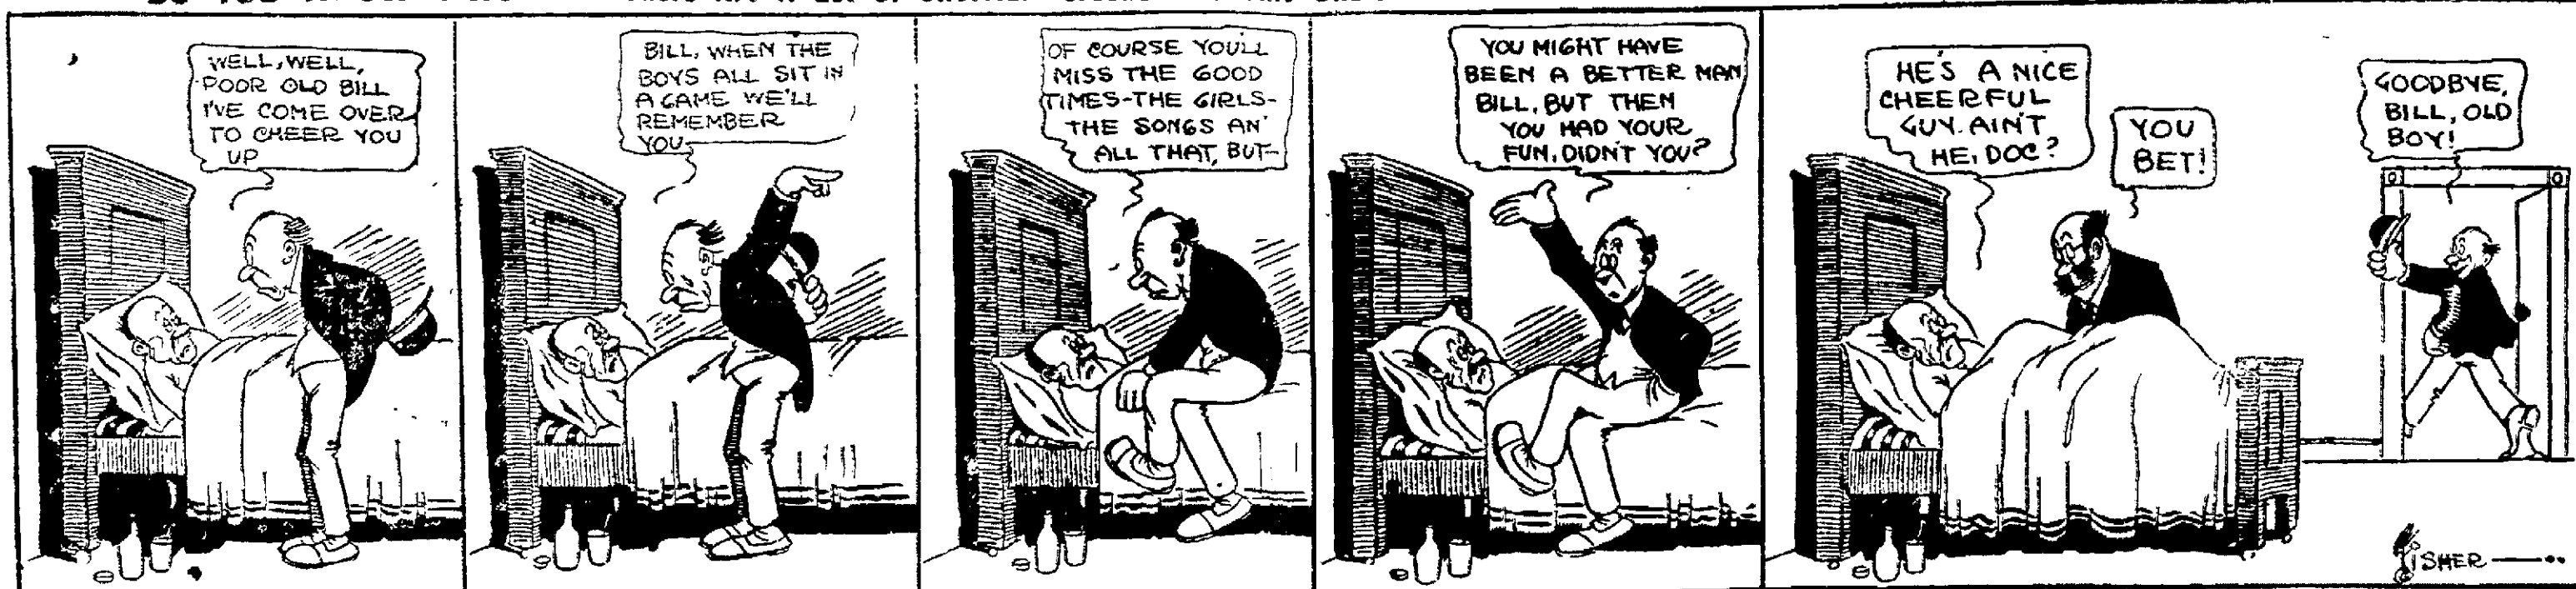

In Russia none can buy a flagon of vodka or old rye; the men must ride the water wagon—the country's all the water wagon—gone dry. The law affects all grades of critters, the humble and the rich; and those who lately slipped their biters now hit the pump-o-woitch. The ills of western prohibition you'll look for there in vain; you will not find there a condition that one might see in Maine. There's no relief for thirsty beggars, no help for Russian sports; the alleys know no cheap bootleggers, no hole-in-wall resorts. The old-time tricks that lead to drinking won't work there, worth a cent; a man may sprain his eye-brows winking; the druggist won't relent. Old Russia's brand of law prohibits, in country and in town, and soon her prisons and her gibbets will all be taken down. If some one hasn't told a whooper, about conditions there, the country soon won't have a pauper, which had them everywhere. The world will watch this Russian measure, so timely and so wise: 'twill watch, and doubtless note with pleasure a nation nobly rise, from abject depths of degradation, from lying in the ditch: oh, happy that progressive nation which hits the pump-o-woitch!

A surprise party was tendered Gladys Kline of the Granville road last Saturday afternoon from 2 till 5 o'clock. A dainty luncheon was served the following: Ethel Powell, Irene Hughes, Virginia Klopff, Hazel Burroughs, Cleo Showman, Verna Nye, Eustache Roth, Bertha Powell, Virginia Hauk, Thelma and Romonis Roth, Gladys Clayton, Donald and Russell Kline, Mrs. Roth and Mrs. Kline.

A birthday surprise was tendered Cleo Showman at her home in the Granville road. A dainty supper was served the following: Gladys Kline, Mildred Haire, Ethel Powell, Verna Nye, Eustache Roth, Cleo Showman and Clayton Kline.

Fourteen relatives and friends of Mrs. Eliza E. Wells of Johnstown, O., gave her a delightful surprise Tuesday, the occasion being her seventy-eighth natal anniversary. The rooms were nicely decorated and a sumptuous dinner was served consisting of everything good that the market afforded. Mrs. Wells is an invalid but she was propped up in an invalid chair and enjoyed the occasion most heartily. Four of those present found that their ages totaled three hundred years. Mrs. Wells was the recipient of a number of presents and received fifty cards and letters. She is very appreciative of the delightful affair and desires to thank all who participated.

On Tuesday evening a masquerade surprise party was given on Mr. and Mrs. Ralph Miller at their home in the Sharon Valley. The evening was spent with guessing contests and music was furnished. An appetizing supper was served to the following guests: Mr. and Mrs. Luther Jones, Mr. and Mrs. Harry Berger, Mr. and Mrs. Ralph Miller, Misses Helen Johns, Anna Glaunsinger, Dorothy Sullivan, Marie Glaunsinger, Irene Glaunsinger, Emma Wood, Gladys Nye, Frances Powell, Ethel Applegate, Louise Glaunsinger, Messrs. Earl Jones, Jack Fleming, Fred Darius, Tom Powell, William Fleming, Jr., George Mayer, Delbert Adams, Louis Evans, Dick Fleming, William Acorn, Miss Lena Shaw of Grafton, W. Va., Earl Lake of Granville, Miss Owens of Granville, Miss Pearl Johnson and Mr. Fred Glaunsinger, Jr., of Zanesville.

The Elks entertained with a dancing party on Wednesday evening at Assembly Hall, the guests being the members and their friends. Marj's orchestra furnished the dance program and supper was served at 10:30 in the balcony. The dancers were:

Messrs. and Mesdames James R. Cooper, J. F. Chase, E. A. Hirst, Oscar Scheidler, P. M. Schimpf, W. C. Kuster, Walter Daugherty, William Hopkins, J. T. Harbottle, George Kimball, O. A. Griffith, J. A. McGonagle, Frank Douce, Homer Jones, Byron Dickinson, W. H. Knauss, Mrs. William Fitzgibbon, Mrs. Frank Fitzgibbon, and Mrs. J. A. Coelho.

Misses Mary Maholin, Lulu Starr, Amy Kuster, Baker, Margaret Dwyer, Hannah Sullivan, Pearl Haycock, Alice McMahon, Leona Eagan, May Duerr, Leontine Moore, Rhea Angler, Edyth Hall, Katherine Sedgwick, Lenore Phillips, Florence Meyer, Margaret Hayes, Mary Brumhall of Zanesville.

Messrs. John Bader, Warren Brown, Beryl Shaw, Paul Morrison, Karl Schaller, Carl Dillon, Robert Brennan, Bush Sargent, Rollin Baird, Albert Gleichauf, Fred Goodwin, Ralph Priest, A. B. Jones, Fletcher Scott, Trevor Davies, Paul Collins, Harold Brennan, H. H. Baker, Max Bader, and Carl Meyer.

The Unity Reading Circle held a pleasant session on Tuesday afternoon at the home of Mrs. E. E. Moore in Hudson avenue. Following was the program:

Quotations, Patriotic—Mrs. Bell. Current Events—The Members. Memorials—Mrs. Hilliard. Reading—"A Perfect Tribute" (Andrews). Mrs. Rhoads. Critic—Mrs. Louden.

Mrs. Moore's guests, aside from the club members, were: Mesdames Channing Thompson, Harry P. Scott, Hayes, Eugene Ball, John Sachs, Lee Moore and Neva Reese, Misses Edith Mackey, Julia Sells and Florence Beckel.

Delightful musical numbers were rendered during the social hour, vocal selections being given by Mrs. Moninger and Mrs. Hayes, and piano numbers by Mrs. Sells. A choice refreshment was served by the hostess at the close of the afternoon.

A number of young people enjoyed a hayride to the Tavenner home, Cherry Heights, north of St. Louisville on Wednesday evening. Dinner was served, the appointments were delightful, the table having a fruit centerpiece and a dinner of several courses was served.

Those present were: Misses Charlotte Linden, Ida Linden, Mary Pryor, Cecile Crozier, Florence Green, Carmen Crozier, Lucille Bieher, Stella Nold, Hilda and Elsie Oberfield, Florence Binder, Genevieve Kennedy, Laura and Jennie Tavenner and Lucille Weber; Messrs. Frank Rinehart, Richard Hall, Howard Handle, Clyde Williams, Charles Harris, George McNamara, Leroy Hoffman, John Kennedy, Jack Evans, Louis Murphy, George Wolfe, Edward Dunn, Charles Daugherty, Bernard Wells and Earl Binder.

Miss Lathrop of Columbus will not hold her dancing class here this week and will also postpone it next week on account of the Elks minstrel. The regular Friday evening class will be resumed on February 19th and the children's class on February 20.

The quotation, "The first creature of God, was the light of sense; the last was the light of reason," prefaced the program on the calendar for the meeting of the Progressive club, which was held on Wednesday afternoon at the home of Mrs. Edward S. Miller in Hudson avenue.

Roll call was answered by humorous quotations, while Mrs. William J. Eade gave her paper "New Ameri-

Baby Sayre Howled When Its Presidential Grandpa Held It for Photographers

Baby Sayre utterly fails to understand the dignity of the President of the United States. The photographs taken the other day of President Wilson holding his grandchild show the youngster in a rage. There may come a time when the child will feel honored at having been held by a president, but at this time there is no appreciation of it.

Mrs. Don Tullis has resigned from the club and was replaced on the program by Mrs. W. W. Gard, who gave her paper "Homes and Home Life of Some Famous Actors." Owing to the illness of Mrs. C. Fred Sites, current events were not given.

With the club members, Mrs. Miller entertained a few guests.

Miss May Kammerer will entertain the members of her euchre club this evening at her home in West Church street.

The Social Sewing club of Loudon street met with Mrs. Bennett. A business meeting was held and one new member, Mrs. Vanatta, joined the club. Mrs. Walter Mowery asked permission to rejoin the circle. She had withdrawn her name on account of sickness. The club will meet with Mrs. Cullison February 10.

Mrs. G. W. Sapp of Union street delightfully entertained a number of friends Wednesday afternoon, the time being spent in fancy needlework. At 5 o'clock a dainty luncheon was served and a pleasant time was enjoyed by those present, who were Mesdames Otis Riggs, Carl Donahue, Ned Miller, E. Wahn, Clifton Morse, H. C. Gerlach and Theodore Kemp.

An Object Lesson.

Visitors to Durham cathedral are shown a round column in the transept with zigzag grooves cut as ornamentations from top to bottom. Behind the column a short distance apart are two long windows, and the light from these falling on the column has the curious effect of throwing it out of the perpendicular. Looked at from one side, the column appears to lean to the left, but on the visitor shifting his position an opposite result is obtained. It is only by standing directly in front of the column, with the light falling equally on both sides, that one is able to see how correctly the builders really worked. It is said that the deception was contrived so that those who saw the column might be reminded that it is necessary to see things from the proper point of view before expressing an opinion.

Trains in the Wind.

A side wind against a train greatly impedes its progress, according to locomotive engineers, who say the flanges of the wheels grind on the opposite rail from the direction in which the wind is blowing, making the cars pull a third heavier.—Quincy (Ill.) Whig.

EVERYDAY ETIQUETTE

"I am invited to an afternoon reception and would like to ask you if it is necessary to send a reply," inquired Ruth.

"A written reply is not necessary. If the invited one is not able to accept she should send her card to the hostess so that it reaches her on the day of the reception," was the mother's reply.

Punishment For Smokers.

Tobacco was first carried into Turkey by English sailors, and its use was quickly prohibited, chiefly on religious grounds. As in Russia, a tradition was discovered prohibiting its use by the faithful. Mohammed, it was said, had prophesied that in future ages some of his followers would smoke an herb called tobacco, but these would be unbelievers. Sultan Amurath IV. strictly prohibited its use. Search was made for smokers, and when they were found tobacco pipes were driven through their cheeks and rolls of tobacco hung as collars round their necks. Thus aroused, they were mounted on asses, facing the tail, and driven through the streets to be hanged as a warning to lusters after tobacco.

Some Consolation.

Patient (gloomily)—I don't seem to be gaining very fast, doctor. Doctor (cheerfully)—You can't expect to get well at one jump. You will have to regain your health gradually day by day—sort of on the installment plan, as it were. Patient (brightening up)—Well, doctor, if this thing keeps on much longer I'm afraid you'll have to collect your bill in the same way.—New York Journal.

Mrs. Todd Rolls of Detroit, Mich., is a guest at the home of Mr. and Mrs. E. V. Renfrew on North Fifth street. Mrs. Rolls was called here by the illness of Mrs. Renfrew, who is in the City Hospital, slowly recovering from an operation about two weeks ago.

Archibald Davis is in Toledo, attending the wholesale and retail lumbermen's convention.

L. N. Bradley went to Columbus Thursday morning on business. He will also attend the automobile show at Memorial Hall.

J. L. Tolpin of Cincinnati is a business visitor in Newark today.

Mrs. Catherine Bush of East Railroad street, is improving, after being seriously ill.

Mr. S. P. Duley of West Main street, who has been confined to his home for the past four weeks by illness, is now able to be out.

Dr. and Mrs. H. P. Martin of Hudson avenue were in Columbus on Wednesday attending the automobile show and heard the Carols of the Opera company at the Hartman theatre on Wednesday evening.

Rev. Father Ruane, assistant pastor of St. Francis de Sales church, who has been in Cleveland for the past several weeks, has returned to Newark.

CAN'T FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Danderrine rubbed well into the scalp with the finger tips. Get a 25-cent bottle of Danderrine at any drug store and save your hair. After a few applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.

Hospital Trustees. The new board of trustees for the Newark Hospital will meet at the Advocate office at 7 o'clock this evening for organization.

Obituary

Sylvester McDonald.

Sylvester McDonald, 84, died this morning at his home one mile and a half north of Frazersburg, of sickness caused by advanced years. Mr. McDonald died on the farm where his father had lived and died. The old homestead has been in the McDonald family almost 100 years. A widow and two children survive, a son, Laban McDonald, of Fallsbury township, and daughter, Mrs. Helen Ashcraft, of near Frazersburg. Ten children have preceded him in death. A brother, John McDonald, 86 years old, of Blumound, Kans., and a nephew, B. F. McDonald, of this city, also survive. Mr. McDonald was a member of the Mt. Zion Christian church, where the funeral services will be held on Saturday afternoon at 1 o'clock. Rev. Robert Kilpatrick will officiate and interment will be made in the cemetery adjoining the church.

W. H. Dodson's Funeral.

The funeral of the late W. H. Dodson, the Newark man who was killed by a falling tree at Claremont, Virginia, will be held from the home of his brother George Dodson, 135 South Fifth street, at 2 o'clock Friday afternoon. Interment in Cedar Hill cemetery.

Mrs. Cramer's Funeral.

The funeral of Mrs. M. L. Cramer will be held Sunday afternoon at 2 o'clock from the Plymouth Congregational church. Rev. E. T. Bentley, assisted by Rev. E. T. Bentley, burial in Cedar Hill cemetery.

Card of Thanks.

I desire to thank the friends and neighbors for their kindness and sympathy during the sickness and death of James Penell. Also for floral offerings and Father Watterson for his consoling words. Ella Gray.

O God, how beautiful is life!—Schiller.

THE QUESTION OF MASSAGE.

To massage or not to massage, that is the question. Just as many persons will advise you not to do it, as to do it. You will hear folks say that massage is very good if one intends to keep it up, but that it is injurious and painfully apparent should one neglect the practice.

It is quite true about all sorts of beauty whims and tricks. They become rather a necessity when once indulged in. It is rather an undecided question whether one should massage or not, and the individual should think it out carefully for themselves before commencing it. So many things depend upon the continuous practice of massage. Time money, and patience should be at least in evidence.

If you have not the time or inclination to massage the face properly, better not do it at all. First of all the skin must be absolutely clean. To treat a dust-clogged face to a coating of massage cream is to invite blackheads, so, before beginning any operation on the face at all, clean it either with soap and water, or, as I prefer, for most faces, a good cleaning cream.

Don't have the massage cream too stiff, if it does not sink easily into the skin, soften it in the palm of the hand until it is the consistency of thick cream. Don't try to massage your face while you are talking to someone or reading. Sit before your mirror and devote all your attention to it if you expect to get good results.

If you haven't time for a proper massage clean the face and simply put a good supply of your favorite skin food and let the good work go on during sleep. You can't use too much good cream because the skin can only absorb so much. But beware of too energetic a massage.

YOUR BOYS AND GIRLS

While boys find sweaters invaluable for winter wear, the mother will find those also satisfactory wraps for the girls, especially for school wear or for playing out of doors.

School dresses for a five or six year old should be made with bloomers of the same material as the dress. The simple little kimono or peasant-cut dresses are probably best suited to her girlishness.

For the girl about ten years the one-piece frock with the seven or eight-inch hem will admit of a lot of growing, as there is no waist line other than that marked with the belt, which readily falls into place.

NEWARK PLAYS DELAWARE HIGH FRIDAY NIGHT

The high school team leaves for Delaware at 1:45 p. m. Friday to play their hardest game of the season. The boys are in the pink of condition and eager to wipe out the defeat they suffered from Delaware last year, and as Delaware has canceled their return game, this will be Newark's only chance to get even. Coach Millner says he is confident that his boys can triumph the Delaware aggregation and do it by a good score. Captain Warner and Hawkins are hitting the basket better than ever while Stephen is playing a wonderful game at center.

The ball never gets behind Young and Jones is all over the floor at once. Yesterday and Goodwin will go as subs, but the lineup will probably be the same as usual. A large crowd of rooters will accompany the team and their best to cheer Captain Warner and his crew to victory.

A Mean Insinuation.

On his return from a hunting trip one of our local physicians invited a party of friends to dinner. Urging a second helping of the game on one of his guests, he remarked, "I killed this myself."

"Oh," was the reply, "what were you treating it for?"

Chicago in 1910 contained 3,036 French, 6,564 Greeks, 65,965 Irish and 10,306 Scotch.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

Keep It Handy for Rheumatism.

No use to squirm and wince and try to wear out your Rheumatism. It will wear you out instead. Apply some Sloan's Liniment. Need not rub it in—just let it penetrate all through the affected parts, relieve the soreness and draw the pain. You get ease at once and feel so much better you want to go right out and tell other sufferers about Sloan's. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle today.

WHAT IS IT?
A strange couple had moved in the first floor flat and soon proved themselves undesirable, thereby marring what had been a perfectly respectable atmosphere. The woman across the hall reported to the owner of the property that she had listened at the court window and heard a very odd conversation going on between the man and woman.
The woman's shrill voice accused the man: "You stole them portieres because you had been wishing for some, and your mother liked them so well when she saw them that she asked me to steal a pair for her too."
They moved out the next day by request.—Kansas City Star.

The Story of the Pearls.
Nearly everybody in a social set composed of elderly people who live in the upper part of New York has heard the story of the pearls. It is a true story without a moral. The men of the dinner party were smoking and the women were in the drawing room. "I have always admired your pearls," said Mrs. A. who was seated next to Mrs. B. "And I think yours are just lovely," returned Mrs. B. politely. "Yes, but I would gladly give mine for yours." "You would be sorry if you did." "I should be perfectly willing to take the risk," Mrs. B. smiled and, leaning over, whispered: "They are not real. The only genuine thing about the piece is the clasp. The diamonds are real ones." "Is that so?" said Mrs. A. "Well, even the clasp of mine is a make believe." And then the men came in.—New York Tribune.

National Biscuit and American Sugar were exceptions to the higher trend and the United States Realty, which had been conspicuously weak declined points to 11, a point over its minimum.

The market received a decided setback in the first hour on offerings of Canadian Pacific and Southern Railway causing recessions of one to two points. Selling of Canadian Pacific was assumed to be for foreign accounts while Southern Pacific was sold by prominent brokers, which usually represent important interests. Temporary cessation of this movement partially restored the price level with further gains in motor shares and other specialties subject to pool manipulation. Toward midday, however, more liquidation and lower prices were encountered. American Steel was weakest of the industrials, selling off 3 1/2 points, to 10 1/2. Bonds were steady.

Chicago Grain.
[ASSOCIATED PRESS TELEGRAM]
Chicago, Feb. 4.—Bull in the wheat market, but quick today to utilize President Wilson's speech as a help to overcome yesterday's drop in prices. It was noted by bull leaders that the address was of high significance as an official appreciation of the food grain shortage in the world and as implying that the president was not in sympathy with a grain embargo. The market also was assisted by signs of fresh purchasing here for European account. After opening 1/4 cent off, to 1 1/2 cent higher, the market advanced to a point 2 1/2 to 3 1/2 cents above last night. Big margins failed to check very much today the activity of the market.

Shoe showed some nervousness at the start, but rallied sharply when wheat started upward in earnest. Corn offerings to arrive were small. The opening which started from 1/4 cent off to a 1/2 cent advance, was followed by a material rise all around. Cattle took the same path as corn. Cash houses led the buying.

Outside investors gave unusual support to provisions. The best call was for pork.

Real Nice Neighbors.
President Lincoln used to tell a wildcat currency story. It was to the effect that he was going down the Mississippi river on a steamboat when the pilot announced to the captain that they were out of wood. The captain said, "Well, put into the first wood pile."
The flat bottomed boat was run up to the mud shore, and the captain hailed a man who was walking among several piles of wood.
"Will you sell your wood?" he shouted.
"Yes," came the reply.
"For cash?"
"Yes."
"Take wildcat currency?"
"Certainly."
"Well, how will you take it?"
The answer came back without hesitation. "Cord for cord."—New York Times.

"Henpecked Henry"
Pleased Critic of
Columbus Dispatch

The "Henpecked Henry" musical farce comedy which recently appeared in Columbus, pleased immensely for the three days which it held forth at the Lyceum theater and Penelope Smythe Perrill, theatrical critic of the Dispatch had the following to say of the production:

"A musical comedy—farce comedy with music—any title you choose to bestow upon it is 'Henpecked Henry' at the Lyceum the first half of this week, where Halton Powell, an excellent character comedian (and they are all too few), is furnishing amusement of the light and airy kind. The offering is one of the

injury, it required the steadiest kind of nerve to lie and watch the iron monster approaching nearer and nearer. Again, a handcar is derailed to prevent the escape of the crooks who are propelling it, and, as the result, the men on it are hurled down an embankment with the car atop of them. For sheer, unalloyed thrills, 'The Broken Circuit' practically stands in a class by itself. Don't fail to see this wonderful photoplay at the GRAND next Saturday.

several "cartoon plays," but one forgets it entirely until the name of Henry Bowser attracts the eyes, when all at once every one of you is familiar with poor Mr. Bowser and his turgid wife who are here depicted with others to carry on the story.

"Oh, well, every one of you is familiar with poor Mr. Bowser and his turgid wife who are here depicted with others to carry on the story. Mr. Powell's merry song concerning the demolition of the cow who had eaten dynamite and was peacefully browsing her way to indignation when she was struck by an automobile, etc., etc., was one of tear-provoking humor.

"May Clark, who is extremely pretty, sings with charm, playing her own accompaniments with a professional touch, and dances with grace and agility. Rita Lawrence relies chiefly upon her generous pulchritude which is Mr. Bowser's undoing, and Billy Wyse sings several clever parodies and with Elwood Benton dances nimbly in the manner known as 'eccentric' during which much applause is bestowed. True Powers as the goddess of the machine, who endeavors to keep Henry in the straight and narrow path is amateurish, but sufficiently emphatic for the role."

The Hazards of Helen.
Those people who long to act in motion pictures might find this desire has suddenly vanished after they see what Helen Holmes and her fellow players do in "THE BROKEN CIRCUIT," one of the episodes in Kalem's remarkable Hazards of Helen Series. In the first place, Miss Holmes actually lies bound across railroad tracks while a train is approaching. Even though Miss Holmes knew that the engine would be stopped in time to save her from

**SOUTH AFRICAN
REBEL LEADERS
HAVE GIVEN UP**

(ASSOCIATED PRESS TELEGRAM)
Pretoria, via London, Feb. 4.—The rebel leader Beuzendhout and the so-called "Prophet" Vankensburg, surrendered to the British forces with Lieutenant Colonel Kemp, it was officially announced today. The commando who gave up its arms also included 48 officers and 500 burghers. The rebels capitulated at Upington. Vankensburg's influence is credited with being largely responsible for the rebellion. The announcement states that additional surrenders are expected tonight and that Lieutenant Colonel S. G. Maritz and his men probably will give themselves up before the end of the week.

Announcement of the surrender of Kemp and his command was made at Cape Town last night. He and Maritz have been operating together against Upington, Bechuanaland, with 12000 troops.

Caucus to be Held Tonight to Re-
organize the House for the
Next Congress.

(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 4.—New Democratic members of the 64th congress and re-elected members of the next congress will caucus tonight to reorganize the house for the next congress. There is no opposition to re-election of Champ Clark of Missouri, and the entire list of house officers, including clerk of the house, South Trimble, of Kentucky, and Sergeant-at-Arms Robert B. Gordon, of Ohio. Representative Kitchen, of North Carolina, has no opposition for chairman of the ways and means committee, who automatically becomes Democratic leader of the house to succeed Representative Underwood, of Alabama, senator-elect. The real fight of the caucus promises to be between Representative Saunders of Virginia and Foster of Illinois, for chairman of the Democratic caucus.

The Democratic majority representation on the committee is to continue evenly balanced between the North and the South, seven from each section. There will be six vacancies for the coming congress, two from the South and four from the North. For these vacancies, Representatives McGillicuddy of Maine, Allen of Ohio and Helvering, of Kansas, are looked upon as certain of election on the committee.

MYSTERY

STILL SURROUNDS DISAPPEAR-

LAURA BISHOP

She Has Been Gone Nearly Six
Months—Father Offers Reward
for Information.

Much mystery surrounds the disappearance in this city on Aug. 26th last, of Miss Laura Bishop, seventeen year old daughter of Mr. and Mrs. John B. Bishop, residing north of this city near the Holler farm. The little girl had been making her home with Mr. and Mrs. Joseph Varner, of near Wilkins Corners, and apparently was contented and happy. On Aug. 26th she requested Mr. Varner to bring her to this city,

LAURA BISHOP.

stating that she wished to visit a girl friend in Maple avenue. Mr. Varner did as requested and left her in a store in West Park Place the girl stating that she had some shopping to do after which she would take a car for her friend's home. That was the last seen of her.

Some days after her disappearance Mrs. Varner received a letter from Laura which had been posted in this city. It was written in a rambling sort of a way and stated that she wanted her friends to have confidence in her, that she would return in the no distant future and that everything would be all right.

Not a word or trace of the girl has been received in nearly six months. Her father now offers a reward of \$500 to any one who can give him information which will lead to the discovery of his missing daughter.

OF A GERMAN ARMY**

(ASSOCIATED PRESS TELEGRAM)
Geneva, via Paris, Feb. 4.—A determined effort to relieve the besieged Austrian garrison at Przemyśl with a German army is to be undertaken, according to a dispatch from Cracow. This report states that the governor of Cracow has been instructed by the Austrian general staff to make preparations for the reception of 200,000 troops which it is proposed to withdraw from the center of the forces operating in Russian Poland. The situation at Przemyśl is reported to be desperate, with the garrison on the verge of starvation as the result of the long investment by the Russians.

Why is POSTUM**Replacing Coffee?**

People are waking up to the harmful effects of the powerful drug—caffeine—in coffee, which poisons the system, often resulting in nervousness, heart flutter, headache, biliousness and many other ills and discomforts.

The pure food-drink, Postum, is absolutely drug-free—made only of the choicest wheat and a bit of wholesome molasses. It contains no caffeine or other harmful elements.

If you doubt that coffee hurts you, a sure test is to leave it off for 10 days and use Postum. It's an easy change, too, for Postum tastes much like the mild, high-grade Javas. As the coffee-drug is eliminated from your system, your own feelings will suggest Postum and better health.

Postum comes in two forms: **Regular Postum**—must be boiled, 15c and 25c packages; **Instant Postum**—soluble form, made in the cup with hot water instantly, 30c and 50c tins.

Both kinds are equally delicious, and the cost per cup is about the same.

FIGHTING

Fourteen Regiments, Including
Heavy Guns, Brought Against
The Russians in This Battle

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Feb. 4.—The general
staff of the Russian army today
issued a report on the progress of the
war, which reads as follows:

"In east Prussia, our troops have
strengthened their positions near the
village of Gross Medunischken, on
the left bank of the Angerapp.

"On the right bank of the Vistula,
our encounters with the enemy have
become more frequent. Engagements
of considerable importance have
taken place on the front between
Lipno and Bejune. Our troops took
by assault the town of Skempe, to
the east of Lipno, and repulsed an
attack of the enemy at the village of
Bino inflicting heavy losses on him.

"In this fighting, we captured
three other officers and 100 soldiers.

"On the left bank of the Vistula
the fighting on the front between
Borjilmow, Goumine and Wolszon-
oska continued Feb. 2, with the same
energy. The enemy brought into
this engagement 14 regiments of
first line troops and quantities of ar-
tillery, including their heavy pieces.
The artillery fire was continued day
and night. An engagement of par-
ticular severity took place at the vil-
lage of Goumine, where, after sang-
uinary hand to hand fighting, we re-
pulsed the furious attacks of the en-
emy. The Germans here sustained
immense losses, but they continue to
bring fresh troops forward to the
fight.

"A demonstration of the enemy
along the Nida river did not result
successfully. The fighting in the
Carpathians is continuing and the
engagements are becoming more and
more tenacious in character. It is
apparent that considerable forces of
Germans are engaged."

Belgian Positions Fiercely Attacked By German Forces

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, via London, Feb. 4.—
The Belgian positions on the Yser,
near Westende, again have been the
scene of fierce attacks by the Germans
in which the bayonet was used by the
troops on both sides of the trenches,
the "Telegraaf" states, in a dispatch
from its Stals correspondent. The
Germans, after the usual preparatory
bombardment by artillery, the corres-
pondent says, made repeated but un-
successful attacks on several impor-
tant Belgian trenches. The desperate
nature of the fighting of the past two
days is indicated by the large convoys
of wounded being sent to Germany.

Quickest, Surest Cough Remedy is Home- Made

Easily Prepared in a Few Min-
utes. Cheap but Unequaled

Some people are constantly annoyed
from one year's end to the other with a
persistent bronchial cough, which is whol-
ly unnecessary. Here is a home-made
remedy that gets right at the cause and
will make you wonder what became of it.
Get 2½ ounces Pinex (50 cents worth)
from any druggist, pour into a pint bottle
and fill the bottle with plain granulated
sugar syrup. Start taking it at once.
Gradually but surely you will notice the
phlegm thin out and then disappear al-
together, thus ending a cough that you
never thought would end. It also loosens
the dry, hoarse or tight cough and heals
the inflammation in a painful cough with
remarkable rapidity. Ordinary coughs
are conquered by it in 24 hours or less.
Nothing better for bronchitis, winter
coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture
makes a full pint—enough to last a
family a long time—at a cost of only 54
cents. Keeps perfectly and tastes pleas-
ant. Easily prepared. Full directions
with Pinex.

Pinex is a special and highly concen-
trated compound of genuine Norway pine
extract, rich in quaiacel, and is famous
the world over for its ease, certainty and
promptness in overcoming bad coughs,
chest and throat colds.

Get the genuine. Ask your druggist
for "2½ ounces Pinex" and do not accept
anything else. A guarantee of absolute
satisfaction or money promptly refunded,
goes with this preparation. The Pinex
Co., Ft. Wayne, Ind.

VILLA

PROCLAIMS HIMSELF PROVISION-
AL PRESIDENT OF THE MEX-
ICAN REPUBLIC.

Also Makes Statement Regarding the
Activities of His Troops Against
Those of Carranza.

(ASSOCIATED PRESS TELEGRAM)
El Paso, Texas, Feb. 4.—General
Francisco Villa, who yesterday pro-
claimed himself provisional presi-
dent of Mexico, as well as military
chief, in a telegram to the Associat-
ed Press today described the activi-
ties of his forces against Carranza
troops.

The message declared that the
troops near San Luis Potosi had
captured more than 300 prisoners,
three trains and other equipment. It
added that Lieutenant Colonels Ver-
dugo and Crendain had joined the
Villa forces with a command of four
hundred men. General Estrada, in
Jalisco state, was reported active.

Francisco Escudero and Diaz Lom-
bardo, members of Villa's new "cab-
inet" have previously been active in
Mexican affairs. Escudero in the ca-
pacity of secretary of foreign affairs,
served in the original Carranza cab-
inet before the "first chiefs" break
with the Villa faction. In that ca-
pacity he conducted the negotiations
with William Bayard Hale, President
Wilson's personal representative at
Nogales. Shortly after Escudero was
dropped from the Carranza portfolio.
Lombardo at one time was Carran-
za's European agent.

SUPPLIES GIVEN TO THE NEEDY OF NEW YORK CITY

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 4.—Fifteen hundred
wagons are today collecting bundles
of clothing in every section of the city
for distribution among the needy un-
employed men and women and for
children of the poor. Thousands of
bundles were received yesterday at the
headquarters of the Bundle Day com-
mittee and it was believed that the
day's collections would be more than
a million bundles.

CASCARETS FOR
YOUR BOWELS IF
HEADACHY, SICK

Get a 10-cent box.
Put aside—just once—the Salts,
Pills, Castor Oil or Purgative Wa-
ters which merely force a passage-
way through the bowels, but do not
thoroughly cleanse, freshen and puri-
fy these drainage organs, and have
no effect whatever upon the liver
and stomach.

Keep your "insides" pure and
fresh with Cascarets, which thor-
oughly cleanse the stomach, remove
the undigested, sour food and foul
gases, take the excess bile from the
liver and carry out of the system
all the constipated waste matter and
poisons in the bowels.

A Cascaret tonight will make you
feel great by morning. They work
while you sleep—never gripe, sicken,
and cost only 10 cents a box from
your druggist. Millions of men and
women take a Cascaret now and then
and never have headache, bilious-
ness, severe colds, indigestion, Sour
Stomach or Constipated Bowels.
Cascarets belong in every household.
Children just love to take them.

Search Warrant Issued.

On an affidavit filed by George E.
Kirk, a search warrant was issued
Wednesday by Mayor Bigbee. Patrol-
man Donley made the search of prop-
erty, authorized by the warrant but
failed to find the brindle bull dog
which Mr. Kirk charged was stolen
from him.

Early Morning Fire.

A defective flue in an apartment
at 69 1-2 Union street at 6:25
o'clock Thursday morning set fire to
the woodwork in the attic causing a
loss of about \$10. The truck from
headquarters and the west Newark
hose company responded to an alarm
from Box 52.

Events of Month.

Mr. Fred Fitzgerald, storekeeper
of the B. & O. railway at Washing-
ton, Ind., writes that he will witness
the two big events of the month, one
of which has already occurred, the
Smith-Flynn boxing match at Cin-
cinnati, the other being the Elk
minstrel next week. Mr. Fitzgerald
will arrive in the city in time to take
part in the parade, which is to occur
at 12 o'clock Thursday noon.

Conspiracy is Charged.

A letter from the chief of police
at Hoboken, N. J., advised Police
Chief Sheridan that Karl von Wagn-
er was under indictment there with
a man named Klee, charged with con-
spiracy. The complaint of the New-
ark department against von Wagn-
er was filed and when the man is re-
leased from custody it will be deter-
mined whether he will be returned to
Newark.

He Got Lodging.

John Rine, 59, applied for lodging
at the city prison Wednesday night
but was refused when he declined to
surrender a club which he carried.
He left the prison and after reaching
Main street he used the club to de-
molish the window in the room occu-
pied by a mission church just east
of the City Prison. He was brought
back charged with destruction of prop-
erty. Thursday morning he re-
fused to answer questions put to him
by the mayor and was ordered com-
mitted to a cell on bread and water
until he was ready to talk.

Arrive at Settlement.

The board of education of the Et-
na rural school district, of Et-
na township, has arrived at a settlement
for the purchase of four acres of
land from the Egoit heirs for school
house purposes, and the matter will
not have to be decided in court. The
price agreed upon is said to have
been \$2,000.

Old Deeds.

Four old deeds have been left for
record at the office of county re-
corder O. C. Martin. The deeds are
one from Hugh Slane to Daniel
Slane, deeding a parcel of land in
Lima township on October 9, 1847,
for a consideration of \$10; another
is a deed from Daniel Slane to Wm.
Slane, a parcel of land in Lima town-
ship for a consideration of \$13. It
is dated Jan. 1, 1840, seventy-five
years ago the first of last January;
the third deed is one from Jane Ag-
ner to A. Slane, dated July 17, 1862,
and transfers land in Lima township
for a consideration of \$20; the
fourth deed is from Geo. Gilbert to
Wm. Slane and transfers 30 acres in
Lima township for a consideration of
\$150. It was signed Aug. 20, 1849.

In Juvenile Court.

Juvenile Court Judge Robbins
Hunter is now prepared to take ap-
plications for mothers' pensions.
They will possibly be acted upon the
latter part of this month or the first
of March.

The object of the mothers' pension
is to provide for her when necessary
so that she may be able to maintain
her home and keep her children in
school. Application can be made to
the juvenile judge, the latter causing
investigation to be made and if found
worthy a pension will be granted.
The matter is left entirely to the dis-
cretion of the court.

Two Common Pleas Courts.

Beginning next Monday two courts
of common pleas will be held in this
city. Judge Harry Jewell of Dela-
ware holding forth in the room oc-
cupied by the circuit court of ap-
peals and who will sit on civil cases
and Judge T. B. Fulton, who will
carry out the criminal assignment in
the court calendar, Judge Fulton ac-
cupying the common pleas court
room. Judge Jewell will have the
following civil assignments: Newark
City vs. The Newark Natural Gas &
Fuel Co.; Guardianship of Adam
Holler; The matter of the Estate of
Adam Holler; Eli Hull vs. H. O. Nor-
ris.

IRON MOLDERS
GIVE A SMOKER;
VERY ENJOYABLE

Iron Molders Union No. 152 gave
one of their enjoyable smokers last
evening, the affair taking place at
Schaller's hall in West Main street.
Preceding an appetizing luncheon
the toastmaster of the evening, Lee
Riley, president of the union, called
the large assemblage to order and
introduced the first speaker of the
evening, Colonel Geo. H. Hamilton,
who was at his best and punctuated
his remarks with witisms that were
highly enjoyed. Assistant State
Fire Marshal John Baird, who is
always a welcome guest at the func-
tions given by the molders, was
introduced as representing the state.
Mr. Baird was equal to the occasion
and his remarks were in keeping
with the good cheer which prevail-
ed. He complimented the boys for
the excellent organization which they
maintained and for the splendid
entertainment which they always af-
forded their guests. Frank Muenz
and William Korb, two of the well
known foremen of the Wehrle plant,
assisted in entertaining with ad-
dresses pertinent to the occasion.
Pierce Hayden also was called upon
and gave an excellent talk.

The hall was crowded with mem-
bers of the union and a number of
invited guests. When Toastmaster
Riley gave the signal all were seated
at two long tables the full
length of the hall. During this time
music was furnished by George
Friel, the well known local
pianist. After all were seated a pig
roast, with splendid appointments
was served by a corps of efficient
waiters. The roast was prepared by
Caterer Jos. Kuster, Jr., and he out-
did all previous efforts along the
same line. There was enough to
feed a regiment of soldiers and the
succulent young pigs soon disappear-
ed, together with the many good
things that were part of the feast.

After the inner man had been fully
satisfied an impromptu program was
carried out. It opened with several
well known ballads by the assem-
blage and this was followed with
vocal music by the Loutsenslager
quartet, their singing receiving
many encores. Mr. Earl Pritch-
ard rendered a splendid solo and was
followed with an eccentric dance by
Mr. Albert Double, that virtually
"brought down the house." He was
forced to render a second edition.

The committee having the affair
in charge was Ralph Yantz, chair-
man, Messrs. Brink, Callahan, Row-
l and Claggett, and to them was due
in a large measure the credit for
giving one of the most pleasing af-
fairs of the many which have been
given by the union.

The I. M. U. No. 152, is one of
the city's most successful union la-
bor organizations. It now numbers
over 300 members and is in a flour-
ishing condition.

Fighting Geese.

In Russia pits for cock fighting are
unknown, but "goose pits" some sixty
years ago were common throughout
that mighty kingdom. The effect of
this can be seen today in the geese,
which are indigenous to the country,
the Arsasmas and the Tula varieties,
particularly showing to a marked de-
gree the fighting qualities of their
ancestors. The Arsasmas gander has
a bill which is entirely different in
form from that of the geese known in
any other part of the world. This spe-
cial structure enables the bird to take
a firm grip on the neck or back of its
antagonist.

FLOODS

PREDICTED BY THE OFFICIAL
WEATHER BUREAU AND
WARNINGS ISSUED.

Ohio at Pittsburg Has Reached High-
est Point—Daily Bulletin to
be issued.

(ASSOCIATED PRESS TELEGRAM)
Washington, Feb. 4.—The weath-
er bureau today issued this special
flood bulletin:

"The Ohio flood at Pittsburg has
run its course; the river is now two
feet below the flood stage and fall-
ing. At Parkersburg, the river has
risen six feet in the last 24 hours to
a stage of 41 feet, or six feet above
the flood stage. At Cincinnati, the
river has risen nearly four feet, but
is yet five feet below the flood stage.
At down-river points a slow rise is
in progress and the river is below
flood stage, except at Evansville,
where there has been a rise of two
feet in the last 24 hours, to a stage
of 37 feet, or two feet above the
flood stage.

"The river will continue to rise a
few feet more in the Parkersburg
district, and will pass above the flood
stage in the Cincinnati district Fri-
day or Saturday by at least four
feet. Inasmuch as rain is again in-
dicated for the watershed within the
next 36 hours, the intensity of which
is more or less uncertain, continued
high water and possibly higher stages
than now forecast are within the
bounds of probability.

"Daily advices will be continued
until the situation becomes more
settled."

B. & O. ABANDONS

ALL TRAINS ON THE
OHIO RIVER DIVISION.

(ASSOCIATED PRESS TELEGRAM)

Gallipolis, O., Feb. 4.—As a result
of flood in Great Kanawha and Ohio
rivers, all trains on B. & O. between
Pittsburg and Kenova on the Ohio
river division were annulled this
morning. Water is now over the
tracks in many places, all lowlands
are flooded and the government
gauge here showed 51 feet this
morning and the river is still rising.

MERCHANTS MOVING

STOCKS OF GOODS
FROM FLOOD AREA.

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, Feb. 4.—Weather
Forecaster Devereaux today pre-
dicted that the Ohio river at this point
would reach its crest with a stage of
54 feet on Saturday night. He said
the river would be between 50 and
51 feet tomorrow morning. The re-
mainder of the government bulletin
follows:

"The Ohio river in the Cincinnati
district will continue to rise during
the next 36 hours and will probably
reach the following crest stages:
Gallipolis 55 feet Friday morning;
Huntington 54 feet Friday night or
Saturday."

Cincinnati's flood stage is 50 feet
and merchants in the bottoms are al-
ready removing their goods to upper
floors.

Disguised the Smoking Rooms.

The number of smoking rooms now
distributed over Windsor castle would
considerably astonish Queen Victoria
could she see them. Her late maj-
esty could never bring herself to do
more than tolerate the weed in any
form, and the smoking room was al-
ways relegated to a very distant part
of her various residences. Nor were
the guests permitted to solace them-
selves with a quiet smoke in their own
apartments, as on their arrival they

CHARITIES WORK IS EXPLAINED BY SUPERINTENDENT

What is an Associated Charities? It is a society which believes that poverty is a far different thing from the crushing destitution which destroys so many families. In other words, it believes that in destitution there is nothing normal, and that when a family asks relief for the first time every effort should be made to put all its members beyond the need of asking relief again.

The task of Associated Charities, then, is to enable abnormal people to

lead normal lives. It is conceded that the simplest standard of normal life must contain at least the five elements, namely, health, education, employment, recreation, and spiritual development. Whenever any one or more of these elements are absent from life it is in that degree abnormal and one of the elements of abnormal life is dependence.

The meaning usually attached to these five elements of normal life is as follows: "Health means the laws of sanitation and living, the health regulations of the community, the service of a physician. Education means schools, libraries, and experience in the world of civility and beauty. Employment means the world of industry and commerce. Recreation means public parks and the community's facilities for amusement. Spiritual development means the church, family life, and the whole range of human relationship. Normal life not only includes these five elements but for its realization requires the co-operation of all those agencies having to do with them.

The Associated Charities of Newark has undertaken the task of restoring to the needy and poor families of this community such normal life. The task is a great one and will require patience and persistent effort and the hearty co-operation of all the welfare agencies of the town. We wish to express our gratification at the start that has been made. Not alone has means been supplied to meet emergent need but a large number of people has shown an interest in the movement by visiting the office, by volunteer service, and by other expressions which give promise of success. We wish especially to express our appreciation of the co-operation which has been shown by other welfare agencies and to invite all such organizations to share this task with us. The societies which have filed with us their list of families and individuals aided, or have assured us of their co-operation, are the following: The Y. M. C. A., the County Infirmary, County Commissioners, Township Trustees, Blind Relief Commission, Soldiers' Relief Commission, Woman's Relief Corps, Juvenile Aid, Trades and Labor Assembly, Carpenters' Union, Operating Engineers, Molders' Union, Flint Glass Workers, The Elks, Public School, Y. W. C. A., King's Daughters, St. Elizabeth's Aid, Salvation Army.

The churches are taking up the work and a list of those co-operating will be published later. Tomorrow's bulletin will set forth plan of co-operation.

The True Secret of Clean, Healthy Hair

Simple Way to Remove Dandruff Germ That May Be in Hair Roots Though You Don't Know It.

There's a right way and wrong way to do everything and if people troubled with thin, brittle and gray hair would only stop to think one minute, the growth of long, thick and glossy hair would be a simple matter. Dandruff germs do not thrive outside the scalp and it's utter folly to wash the head with tonics when the germ is inside the roots.

Tonics will dissolve the outside dandruff, but the sticky dandruff in them only gives the broken dandruff in them to the hair and it's but a day or so when the scalp again covers the clothing.

The best authorities on scalp disease agree that the only sure way to remove the dandruff germ is to apply a remedy that the scalp can absorb—that will nourish the root cells into a healthy condition, in which the dandruff germ cannot live.

"Wildroot" is remarkably quick in action, for even the first applications bring forth a shower of dandruff on coming that leaves the scalp spotlessly clean and it's but a short time before the hair roots may take up its vegetable oils and are again able to produce the soft, fluffy, glossy hair that Nature intended. Any good druggist has "Wildroot" and the chemists who make it guarantee perfect satisfaction or your money is refunded.

WEAK KIDNEYS OR BLADDER TROUBLE

Is often caused by too much meat and heavy foods, sprains and colds. If your back aches or your kidneys are not working properly, it is time to take a medicine to flush them and neutralize the acids of the urine, before serious kidney trouble overtakes you. COOK'S PILLS FOR BACKACHE will relieve your condition in a short time, regardless of what causes the trouble, as they contain the best medicines known to science and never fail to bring relief. If urine is dark, irregular in passage, or causes burning sensation; if bladder is irritated, causing you to get up frequently at night; if your back aches; if you have rheumatic twinges in damp weather, or symptoms of Lumbago; or if you are nervous, your skin yellow and your eyes dull, take a few doses of COOK'S PILLS at once and you will avoid serious sickness. They will give immediate relief. You can obtain COOK'S PILLS FOR BACKACHE for 25c a bottle at Frank D. Hall's drug store.

DENISON TO MEET CINCINNATI AND MIAMI THIS WEEK

Granville, Feb. 4.—Now that the early games of the schedule have been played and won, Denison appears to be in excellent condition to try for a clean record this season. Having won from Oberlin and Wesleyan in good style, the Livingston basketball five will depart for a two-game trip in the south-western corner of the state this week-end. Miami will be played at Oxford on Friday night and on the following evening the Denisonians will oppose George Little's Cincinnati players at Cincinnati.

There are no injuries of serious nature at present. During the sensational Oberlin game here last Monday night Captain Jones had his left thumb displaced during a scrimmage on the floor. It will yield to treatment, however. This injury seemed to affect his shooting ability, as he did not make a goal during the entire game and was unfortunate with his long shots, which are his specialty.

The team will leave here Friday noon for Oxford and will return to Granville Sunday. As the Friday game comes during semester vacation it will not interfere with college work.

RUMANIA ORDERS AMMUNITION FROM ITALIAN MAKERS

Rome, Feb. 4.—The Rumanian government has placed orders in Italy for a large quantity of ammunition delivery to be made during the month of April. This war material is ordered with the consent of the Italian government. Captain Michael, the Rumanian military attaché at Rome, was instantly killed yesterday by an explosion while he was conducting experiments with a bomb.

REFUSED PAROLE TO EMBEZZLER OF \$565,000

Hartford, Conn., Feb. 4.—William F. Walker, defaulting treasurer of the Savings Bank of New Britain, serving a sentence of one to twenty years in state prison, has been refused a parole.

Walker embezzled \$565,000 of the bank's funds and about \$56,000 from the Baptist Convention of Connecticut of which he was also treasurer. He disappeared from his home in February, 1907, and was captured ten months later in Lower California after a nationwide search.

Prompt Action Will Stop Your Cough

When you first catch a cold (often indicated by a sneeze or cough), break it up at once. The idea that "It does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my cough," is one of many honest testimonials. 50c at your druggist.

BRYAN TO MAKE EIGHT SPEECHES AT INDIANAPOLIS

(ASSOCIATED PRESS TELEGRAM)

Indianapolis, Ind., Feb. 4.—Eight speeches were before Secretary of State William Bryan, when he arrived here at noon for a two days' visit. While here, Mr. Bryan will be the guest of Governor and Mrs. Ralston and will have luncheon at the home of United States Senator John W. Kern on Friday.

Mr. Bryan's first address was to be to the students of Short Ridge High school at 2 o'clock this afternoon. Two addresses are on the program for tonight, the first before the Democratic State Editorial association at 6 o'clock and the second at a public meeting at 8:30. Other speeches will be given tomorrow. The final and probably most important speech of the trip will be made tomorrow at the Transportation association club banquet, where he will talk on the subject, "The railroads relations to the business world."

Readers' View Point

Editor Advocate:—Will you permit me to say a word about petitions? A recent occurrence makes this a timely topic.

It was proposed to make a transfer of territory by the County Board of Education. The residents of a majority of the landholders signed a petition for the change. At much inconvenience the change was made. Now however, the same residents with one exception are found as petitioners asking to be placed back in their former district saying they did not understand the former petition which was written very plainly stating exactly without circumlocution what was desired.

I am lenient with my criticism because I know it is often hard to refuse your neighbor when he comes around with an innocent looking paper but I do urge upon all school patrons in particular to be careful with their signatures.

Women's Foolish Dress.

Editor Advocate:—

There is a new evil under the sun in Newark today which deserves notice. Men are talking about it, women whisper it. Everybody knows better but some are weak and vain and indulge in it. I refer to the practice of some young women who wear low neck dresses and low shoes in the winter time. A twin, but opposite, evil is sarcastically mentioned by the editor of Collier's Weekly in the following strain: "It does rather loosen the foundations of our faith in the sex, when, on a mild day, we hear an intelligent looking woman with two turns of a fur thing about her neck exclaim how she is always catching cold and can not imagine why. But, then, not all of them have the fur." In other words, they love to show off the furs. So in the evil first mentioned, they love to show off. And not all people have the beautiful neck and proper clothing for that kind of neck-wear. However, it is not to be sarcastic that I mention this matter. It is that a note of warning in a physical way may be sounded. The exposure of the chest in inclement weather is a direct cause of inflammation of the throat, the bronchials, and the lungs. And, is it a strange thing that the delicate pelvic organs are congested by the cold winds on the ankles and chest? Any physician understands why this is not only possible but almost invariably the case. I do not exactly advocate the wearing of furs about the neck, but I do feel that the neck should be
